The Gold Coast City Council

To whom it may concern:

Re: Lake Hugh Muntz

Dear Sir/madam,

Our Club, which has been serving the community of the Gold Coast for over 70 years now, has for many years taken advantage of Lake Hugh Muntz as a training facility.

Over the years many of our members have utilised this waterway and it has been of tremendous support to our surf and beach programmes as a still water training facility which is essential for our younger members in training.

We as a Club support the communities push for the Gold Coast City Council to address the current state of the quality of the water in the Lake.

We appreciate the use we have been allowed over the years of Lake Hugh Muntz.

We look forward to the Council and the local community working together to address this water quality issue in the Lake for all concerned.

Regards

David Shields

President

Northcliffe Surf Life Saving Club
