Lake Hugh Muntz
17 March 2018 at 5:02 pm

I am writing to express my concerns about the current state and the future of Lake Hugh Muhtz.

My wife and myself have resided on the lake for over 31 years and our three children spent most of their life there.

Over the years we have trained in the lake and it has given us great pleasure to watch the Nippers, Junior, Senior and Master lifesavers hone their skills to patrol our beautiful Gold Coast beaches, and protect the local population plus National and International Tourists.

Many of these people have gone to be Australian and World Champions.

This lake has also been a great training venue for many Junior and Senior Triathlon clubs, with a number of their members gaining World and Olympic Titles.

This lake is unique and a great asset to the Gold Coast and should be promoted as such.

Lets all stop playing the blame game and work together to bring this beautiful lake back to its best enviroinmental standard.

Norman Lewis.

14 Australian Open Titles
10 Queensland Open Titles

30 Queensland Masters titles
17 World Masters Titles

Receiptment... Australian Sports Medal.
