

6th March 2018

To whom it may concern;

I am writing this letter in support of the current movement to clean up Lake Hugh Muntz. I had the pleasure of growing up in a house on the lake from 1984 to 1994. During this time, the lake was in pristine condition and we as kids enjoyed the use of it daily.

In later years from 2004 to 2012, as a professional ironman I used the lake as a flat water training location. The benefits the lake provided as a training location was exceptional. From the safety of being fresh water we never had to worry about the dangers of predators. We also knew that it was clean so the risks of contracting any illness from the water was very low. Some of my achievements during this time were;

2004 Australian Ironman Champion
2004 & 2006 World Ironman Champion
2006 Coolangatta Gold Champion
5 time Nutri-Grain Ironman Series Champion

It is very sad to see the current state of the lake. It concerns me of what the future may hold for the lake and it's inhabitants if nothing is done to improve it and an ongoing maintenance plan put into action to preserve this great lake.

Kind regards,

Zane Holmes
